GRI 403 OCCUPATIONAL HEALTH AND SAFETY

GRI 403: Occupational Health and Safety 2018 (GRI 403 2018), part of the GRI Standards, sets out reporting requirements on the topic of occupational health and safety. This Standard can be used by an organization of any size, type, sector or geographic location that wants to report on its impacts related to this topic. GRI 403 2018 will replace the 2016 version. After attending this training module participants will be equipped to use GRI 403 2018 to report on the topic of occupational health and safety.

COURSE OBJECTIVES

- Explore current trends and challenges related to OHS management
- Learn why to use GRI 403 to report on OHS
- Learn how to use GRI 403 to report on OHS
- Explore case studies and get practical experience

COURSE BENEFITS

- Receive Certificate directly from GRI
- Access to GRI Certified training material
- Facilitated by reputed GRI Certified Trainers
- Real-life local case studies

WHO SHOULD ATTEND

The main target audience of this full day training are report preparers or professionals in the field of sustainability that identified occupational health and safety as a material topic and want to use GRI 403: Occupational Health and Safety 2018 to report on it.

They don't need to have used the previous version of the Standard to participate in the training but should be already familiar with sustainability reporting and the use of the GRI Standards.

TRAINING PROGRAMME

PART 1: Welcome & Introduction

PART 2: Trends and challenges related to OHS management
